Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The Applicants briefly described the claimed invention and the distinction over the prior art Weinberg. The Applicants emphasized that the claimed limitations "underlying architecture" can be any software architecture, but not be limited to "website" as taught in Weinberg. The examiner noted that the claimed limitations do not exclude an "underlying architecture" as a "website". It was agreed that the Applicants will submit the official reply/response and the examiner will consider accordingly.
